

TRHS Foundation Feeder School Grant

Each year, the TRHS Foundation's R Party raises money for programming, scholarships, and grants. As a part of that, we earmark a portion of funds for Roosevelt's feeder schools. This year, we have allocated a total of \$16,800 for one-time grants. The exact amount dispersed will depend upon how many feeder schools apply. ***Please complete the application by Friday, May 1 2026.***

How would you use the TRHS Foundation Grant Funds?

We would like to add flexible seating and updated bookshelves in our library space to create a warm and welcoming environment to read in. Our current setup is wooden tables with wood chairs that are too big for many of our students, so students are unable to read comfortably. The addition of flexible seating and shelving would also allow us to repurpose the tables for use in the technology space.

How would you use the TRHS Foundation Grant Funds?

We are getting a new PE teacher (our current one is retiring) and are needing to replace most of our recess and gym equipment. This would be a great opportunity for our students to have equipment that allows them to "burn energy" at recess with more options of play and within PE class.

How would you use the TRHS Foundation Grant Funds?

We are raising money to put a pickle ball court into the back yard of Merrill. We would love to contribute to it with a \$3000 grant from TRHS we would be very close.

How would you use the TRHS Foundation Grant Funds?

We would put in a long Jump pit here in our back yard. The district took it away when we built the track and said we had to pay for it to get it back.

\$3000.00

How would you use the TRHS Foundation Grant Funds?

We are working hard on our Project Based Learning Framework to reimagine education and creating meaningful and engaging experiences for students. I am writing to request grant funding in the amount of \$500 per grade level, totaling \$3,000, to support Project Based Learning (PBL) units for the 2026-2027 school year. This funding will be used to enrich our students' educational experiences through field trips, guest speakers, supplies, and supplemental texts.

Our PBL units are carefully designed to integrate literacy, math, science, social studies, and social-emotional learning (SEL) in ways that connect directly to our students' lives and interests and grade level standards. By providing real-world experiences, opportunities for creativity and diverse materials, we aim to foster deeper understanding and enthusiasm for learning among our students.

We believe that this grant will help us create a dynamic and inclusive learning environment where every student can thrive. Thank you for considering our request and for your continued support of educational innovation at Windsor.

How would you use the TRHS Foundation Grant Funds?

Windsor Student Clubs- We host clubs during the day once per month to give every student an opportunity to engage in an extra-curricular activity during the school day and explore their interests. The \$500 would be helpful to purchase materials throughout the year for the clubs requiring extra costs (cooking, crafts, stem kit supplies, etc.).
