Track & Field Support

**Project Description (1-2 paragraph summary) \***

The capital campaign by the Foundation will be displacing the boys and girls track teams during the construction phase (beginning March 11). 140+ student-athletes are losing their facility to practice. Seniors do not gain benefits from the project, but are experiencing the short-term struggle. Families are frustrated. The school is looking at renting Drake University 2X a week to support the teams and boost morale of the students and their parents. The school is already having to find a way to cover transportation costs that will be added as a result of the displacement.

I worry that if we have to privately fund the money to cover this cost (which has been offered by parents), it will hurt the capital campaign.
